

The Deerfield Gables Reflection Garden

*Made possible through the gifts
of a very generous community*

*Sponsored by
The Willow River Garden Club*

June 28, 2014

Dear members of Star Prairie
Fish & Game ...

We rejoice that The Deerfield Reflection Garden was dedicated on June 11th! From construction site to finished garden in just one year was quite an accomplishment! The 13 members of the Willow River Garden Club wish to thank you for your special support of this beautiful place. While it took many entities to bring this garden together, we are so touched by the enthusiasm for the project & the many heartfelt gifts that made it happen. The rewards will continue to grow along with the garden.

Again, many thanks... for the very first check, which was used for the combined /unified bird sanctuary & therapy garden project, along with further financial support as the garden program.

Walden Gray
Chairman,
The Reflection Garden Project
